

Avatars: Meet Our Youth Board Members

Hey! Welcome! We wanted to make sure that we could do a quick little introduction to our Youth Board members so that you all could meet them and understand our personal motivations within our work for the Youth Board and outside of it.

Guide: Within the avatars, each member included answers to a few questions and some fun facts about themselves. Here is the list of questions we asked them and the symbol we used on the avatar to represent them.

Key to symbols:

	What is one thing you love dearly?
	What are you most passionate about in human rights
	What are you fighting for?
	Special Fighting Skill
	What is one wish you have for the future of our world
